HERE'S A LOOK AT WHAT WE'RE LEARNING!

Math

Students will begin to learn about money over the next 3 weeks.

Students will need to be able to recognize and know the value of a penny, nickel, dime, and quarter.

Students will also need to be able to count coins up to two dollars and write the money in correct form.

Students will also have to compare values of money as well.

Units

Students will be learning about the Scientific Method this week.

Students will then be learning about magnets over the next few weeks. A study guide is attached.

Literacy

Students will use story elements when reading fiction books. They will need to know characters, setting, problem, and solution. They will also need to know question words such as Who?, What?, When?, Where?, Why?, and How?

Students will be expanding their vocabulary from other content areas. Students will also be learning about compound words.
