

Virginia College Application Deadlines 2020-21

College Application Definitions:

- ★ **Early Decision:** Binding decision to the college/university. If you apply Early Decision, you make a commitment to attend the university if accepted. Only apply Early Decision if you're 100% sure you want to attend and can pay the cost of attendance.
- ★ **Early Action:** Non-binding decision to the college/university. You're not committed to the school if accepted, but you'll know your decision earlier and your application may be reviewed again for regular admission if you're deferred.
- ★ **Rolling Admission:** Applications are reviewed throughout the year and applicants are typically notified within a few weeks of applying. Qualified students are admitted until the incoming freshman class is filled, so the earlier the better.
- ★ **The Common Application:** A central application for many colleges and universities. Some school applications are only on the Common App while other schools may have applications on their website as well as the Common App (it doesn't matter which one you use).
- ★ **The Coalition Application:** Another central application for many colleges and universities. Depending on the college/university, the school may have an application on their website, and/or be available on the Common App.
