

March 18, 2020

We have extended hours for meal pick up. On Thursday, March 19th, meals will be available for pick up from 4-7 p.m. in the Nathanael Greene Primary School bus lane. These meals are available for all students under the age of 18 with no forms to complete or income verification required. This time extension will apply to the remaining two planned dates, March 23rd and March 26th.

In coordination with our meal pick up, the middle school and high school librarians will have a selection of books available for curbside checkout. Families can drive up to the curbside book checkout and one family at a time may browse the selection. Students from any Greene County School may checkout books. Please return books either during another curbside checkout time or to the outside book return located in front of the high school's main office. You do not have to pick up meals in order to check out books.

Beginning tomorrow, "Read Alouds," hosted by Primary and Elementary School teachers will be posted on the Greene County Schools Facebook Page and website. If you have not already done so, please be sure to like our page so that you can not only experience read-alouds, but also stay up-to-date with the latest information.

While our students are home from school, we want to give them opportunities to keep moving. I'm excited to announce a daily Fitness Challenge will be accessible on our Facebook Page. Our host for the segment is William Monroe High School alumni and Notre Dame student athlete, Samantha Brunelle. Daily posts will occur at 3:33 p.m. Students are invited to participate in any or all of the challenges.

At Home Learning Activities are posted on the district web page as well as each school's website. You will find numerous activities to engage your child in learning and fun. Hard copies of these activities are located in a box attached to each school's barn quilt. If you are unable to access these activities, please contact your child's school, and we will gladly mail a copy to your home.

Finally, I realize there are many questions surrounding our closure, when we will return to school, and how things will change for the remainder of the school year. Please know that we understand any frustration and share some of your questions. We will continue to update you regularly as the situation evolves. For now, please stay safe and make the most of the family time.
