Every Child · Every Chance · Every Day

March 24, 2020

With the closure of our schools for the remainder of the year, we have been diligently working to prepare for remote learning for our students. While learning may take various forms, we will offer Chromebook pickup for those students who have not yet been assigned a device or do not have one available to them at home for the purpose of online learning. This pick up will take place on **Thursday, March 26 from 10 a.m. to 6 p.m. in front of each school.**

In the coming days, please anticipate receiving more information about distance learning for your child. We request your patience as we communicate with our staff members and they prepare to engage in this new method of instruction.

We realize that many do not have internet access at home. All school parking lots have public wifi available as does our football field. We are researching other options that may be available in our community and will provide options to those who are not able to access learning online.

Meals will still be available on Mondays and Thursdays from 4-7 p.m. Any changes will be communicated through our alert system. These meals are available for all students under the age of 18 with no forms to complete or income verification required.

We want to ensure that we can adhere to the recommendations regarding social distancing to maintain the health and safety of our students, staff, and families. If your child has belongings that must be retrieved, please contact your child's school for information on when to come to the building. If your child has items in the school building that are not essential, we request that you leave them there until a later date.

Again, thank you for your patience and flexibility. We understand the burden this places on our families and want to ensure the transition to distance learning is as seamless as possible.
